

2024 PLANET RETROGRADE CALENDAR

The Retrograde (Rx) Effect

Unusual, unexpected and extreme things happen to matters ruled by a Planet when Rx. It is an excellent time for most things that begin with “re” such as redo, review, return, repair and research. Generate your natal chart to determine the House/s where the Planets will turn Rx. To interpret, see Appendix for keywords of Planets, Signs and Houses.

VENUS

When Venus is Rx, reconsider your relationships and financial investments. Do not get married. Lovers from the past could resurface to resume or bring closure to a past relationship. New love relationships can lead to a change of heart when Venus goes direct. Investments during the Rx cycle could lose value. It is difficult to gauge the true value of things; it is not a good time to make expensive purchases.

- About 225 days to complete its revolution around the Sun
- Rx every 18 months or so for about 6 weeks

Venus will not turn retrograde in 2024.

MARS

When Mars is Rx, taking direct action will be difficult. Do not push for new ventures; it could get held back or there could be numerous setbacks. Use this time to revisit unfinished projects. Avoid quarreling and all forms of aggression. Practice anger management techniques.

- About 687 days to complete its revolution around the Sun
- Rx every 2 years and 2 months for 55 to 80 days
